

ABC NATURE WALK

Here is a fun activity to do with any group of children (or adults). Encourage children to use their imagination. For example, an answer for "X" might be, "eXtremely small insect." Using clipboards will make the activity much easier!

Extend the activity:

- Try to find more than one item for each box.
- Compare results. Create a tally or chart for duplicate answers.
- Discuss: which letters were the easiest? Which were the most challenging?
- Try in pairs or small groups (probably without sketching).
- Try the same activity in two very different places. For example, at the beach and in a forest.

ABC NATURE WALK

Take a walk in a natural setting such as a park or the woods. Try to find something in nature for each letter of the alphabet. You may want to include small sketches of what you find.
